

DRYTAC®

BANNER STANDS, PORTABLE DISPLAYS AND MORE

The **Retractable II™**

Our affordable self-winding banner stand displays amazing value

An economical self-winding banner stand created for short term and less demanding display requirements. With all-metal construction and reinforced side plates, the Retractable II™ is a solid, economy banner stand.

- Graphics unwind from the anodized aluminum support base
- Lightweight and easy to carry
- New padded transport bag
- Now available with an optional display light
- 33-1/2" (85cm) wide by 81-3/4" (211cm) tall

A line of retractables that offers plenty of options

Available as a single- or double-sided display, Banner Bug™ comes in a range of sizes, from the pint-sized Desk Bug to the 10-foot-high Giant Bug. Banner Bug™ displays are sleek and modern. They roll up in seconds. And when the time comes for new graphics, they're quick and easy to change. Line ranges in width from 8-1/2" (29 cm) to 72" (183cm).

GrandStand™

A superior banner stand at a reasonable price, the GrandStand™ is a grand slam

This mid-range system will withstand the rigors of exhibitions without folding under the pressure. Graphics easily wind into the banner base for quick set-up and break down. With a stylish black finish, both GrandStand™ models project a sleek appearance that doesn't distract from the message. The display includes:

- Gray nylon bag with black trim
- Optional 50 watt light also available
- Available in 33-1/2" (85 cm) and 39-3/8" (100cm) widths by 86-1/4" (220cm) tall

The World's First "Frameless" Banner Stand

The Alligator™ offers the first "frameless" image display in a retractable banner stand. The viewer sees all of the message and none of the hardware! Multiple units may be used side-by-side to form a backwall graphic as shown in the image to the left. Other features include:

- Change out graphics effortlessly
- Adjustable height
- Available in 33-1/2" (850mm) wide, adjustable height from 32-3/4" (83 cm) - 94-1/2" (240cm)

Eco-friendly display products

The retractable **PANDA STAND™**, the L-Framed **PANDA L STAND™** and the accompanying literature stand are all constructed of up to 95% bamboo, a fast-growing, renewable resource. An elegant look and environmentally friendly choice. Displays measure 31-1/2" (80cm) by 78-3/4" (200 cm) tall.

AUTOSCROLLER™
scrolling banner stand

Delivering a more moving message

Once the AutoScroller™ commands the eye of the passerby, it delivers twice the content in the same space as a static stand. The AutoScroller™ rotates a continuous 160" (4050mm) graphic using an electric motor concealed in the base. Display measures 33-1/2" wide (198.1 cm) by 78" (85 cm) tall.

POP UPS

Powerful magnets make hanging graphics a breeze

From the manufacturer of the BannerBug™ comes the BoothBug™, an innovative portable pop-up display system featuring the exclusive Magna-Strip hanging system. Powerful magnets locate and lock the panel onto the frame almost automatically. Available in 3 x 3 and 3 x 4 models.

Snap-In Graphics Suspension Bars

Make hanging banners a snap.

Snap-In Graphics Bar converts basic prints into elegant suspended graphics in a snap. Suspended from a ceiling or in a window, the stylish brushed aluminum finish provides upper and lower borders for the image while keeping the media straight and taut.

Economy PopUP™

An economical display package

The all aluminum self-locking frame pops up easily to form a stable and sturdy backwall for trade shows and exhibits. Available in 2x2 and 3x3 models. Comes with its own hard case and two halogen lights.

Bargainbanner

Lightweight, adjustable height signage for your next event

A simple entry-level banner stand with a four-pronged foot and an aluminum pole. The system uses 2 graphic rails (23-5/8" / 60cm) that simply attach to the pole via clear plastic strips. The height of the graphic can be adjusted up to 77-1/2" (197cm). Simply slide the clips up and down the pole. Carrying bag is included.

CASES & LIGHTING

Universal Display Light System

Our lightweight and elegant lighting system attaches quickly and securely to most Drytac® banner stands and display systems, as well as most other brands.

Replacement Bulb Carrying Case

Helps prevent breakage when packing extra light bulbs. Comes with two replacement bulbs already inside.

Custom Banner Stand Hardcase

Extra protection and easy transport for most 33-7/16" (85cm) wide or smaller banner stands.

CONTACT :

Zip Up™ Literature Stand

Folds easily with your literature inside

With a small 9-1/2" x 11" footprint, it's also convenient for travel because it folds down to only 19 inches. Silver base finish, includes nylon carrying bag. A lightweight, extra sturdy hard case is optional.

Fold 'N Go™ Literature Stand

Lightweight and attractive

Great value in a lightweight, easy-to-set up literature display. Padded nylon carrying case standard. Optional hard case shown above.
