

Panda L-Stand

Graphic Installation Instructions

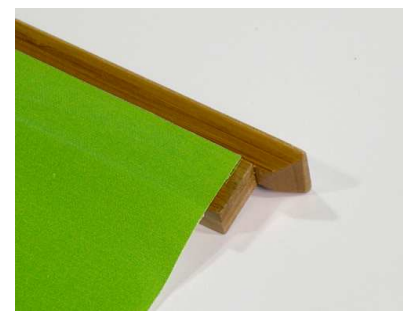

1. Place the top rail on a flat surface with the adhesive tape facing up.

2. Remove the release liner exposing the adhesive tape on the top rail.

3. Attach the graphic to the top rail with the printed side facing up. Press it down over the tape firmly to ensure that the graphic is securely fastened.

4. When attaching the graphic, keep the graphic edge 2mm/0.1" below the top rail edge.

5. Position the bottom rail in front of you with the adhesive side facing you. Remove the release liner from the bottom rail. Attach the back of the graphic onto the exposed adhesive.

6. When attaching the graphic, keep the graphic edge 2mm / 0.1" below the bottom rail edge.
