

JetMounter™ JM63 Fuzion XD

The JetMounter™ JM63 Fuzion XD has many of the features of the JM63 Pro XD, but with the price point of a standard wide-format roller laminator. Excellent for laminating vehicle wraps, creating window decals and mounting graphics to substrates, the Fuzion XD is ideal for shops wanting to add roll-to-roll laminating capabilities at a lower price tag.

Features:

- Top roller with heat assist to 110°F (43°C) to help prevent silvering
- Effective laminating width of 63" (1600mm)
- Large 4.7" (120mm) diameter non-stick silicone rollers
- Laminating speed up to 20 ft (6m) per minute
- Maximum 1" (25mm) nip opening
- Nip pressure indicator
- Fold down front table
- Heavy-duty metal construction with lockable casters
- "Hold flat" paper in-feed guide
- Emergency stops and safety photo sensors for protection
- Top and bottom auto-grip supply shafts with brake tension control on operator side; 10" (254mm) max roll diameter
- Top auto-grip take-up shafts with adjustable clutch speed including rear take-up for roll-to-roll
- Single mechanical height/pressure adjustment (*no compressor needed*)
- Built-in flip open storage compartments
- Interchangeable 110V or 220V electrical configuration

JM63 FUZION XD Specifications

Max Laminating Width	63" (1600 mm)
Max Nip Opening	1" (25 mm)
Uncrated Weight	752 lbs (341 kg)
Width	81.5" (2070 mm)
Depth	25" (640 mm)
Height (when assembled)	50.5" (1282 mm)
Roller Diameter	4.7" (120 mm)
Speed Range	1-20 fpm (0.5-6 mpm)
Power (U.S. and Canada)	110V or 220V, 50/60Hz, 13A Single Phase
Power Consumption	725 or 2600 Watts

CE and cTUVus Certified*

*Tested and certified to comply with electrical and fire safety regulations by independent third-party testing organization, TÜV Rheinland. Approved for sale in U.S., Canadian and European markets.
